We Support Family Farmers

We assert that a multitude of smallholder diversified family farms that implement regenerative eco-logical techniques, in growing and raising our food, will create a resilient, vital and productive agricultural system to better feed the people of Hawai'i. Your membership supports our educational programs and events and provides you and your family with discounts at local businesses that align with our mission.

Individual memberships are preferred, however, the Ohana membership option is provided to ease the financial burden of full family/farm participation. **An Ohana can be up to four individuals: members of the same immediate family living at the same address, four individuals working the same plot of land, or a business listing four executives.** All members of the Ohana must be identified when the application is submitted and none can be added until the following year. *Please provide an email address and phone number for each person in your Ohana.*
