1	Love love love a farmers market where we could get everyones goodies in Hana at one place - veggies, fruits, baked goods, jams, pickled things, dry fish and a great breakfast burrito with a green smoothie!	6/4/2019 12:02 PM
2	Hana use to have market was also local crafter, flower growers, anyone local that wanted to sell whatever. Was at the old Hasegawa store.	6/4/2019 11:16 AM
3	this is the 2nd time I've filled this survey out...don't know if that matters or not. Other obligations permitting, I'd be willing to volunteer also.	6/4/2019 10:50 AM
4	Great idea. Please do this!!!	6/4/2019 10:46 AM

48	We would attend anywhere in Hana	5/17/2019 3:46 AM
49	I think road side stands at the farms are a better way to serve the community if they are easy to park at , have a dependable supply of whatever products they are selling and it avoids the expense of having to sit at at a booth competing with others.	5/15/2019 9:03 PM

51	hopefully area will have parking. Depending when it starts, I may be interested in vending. I definitely want to purchase at market. Christine Davis 808 281 4647 kawaipapanursery@gmail.com	5/15/2019 12:45 PM
52	Nāpua Hū'eu 808-321-0425 napua14@gmail.com Interested in vending. Mahalo	5/15/2019 10:28 AM
53	A farmers market would be a great opportunity to include invasive species education in all it does - for farmers, families and visitors; will all the vendors be trained in how to limit potential for rat-lung worm? will the produce be inspected for semi-slug and LFA so the pests don't get moved around even further? Wherever the market site will be make sure it has enough parking so Hana town doesn't get backed up. The market is an awesome idea!	5/15/2019 10:24 AM
54	The best place is on Travassa property	5/15/2019 9:44 AM
55	Please make this happen. Fresh Vegetables and fruits are our biggest obstacle when it comes to nutrition in Hana.	5/14/2019 7:40 PM
56	We are interested in vending! Business name is Maka'alaē Farms. Contact name is Jamie Moskowit. Phone is (206) 604-6224. Email is Jamie@makaalaefarms.com. Mahalo! :)	5/14/2019 6:12 PM
57	The idea is very exciting! Fresh produce is very hard to find out here	5/14/2019 5:30 PM
58	I am interested in vending and super excited about this opportunity for the community, especially for the kanaka/locals. - Jasmine Michel 808.866.3571 jsmnmichel101@gmail.com www.dreamboatcafe.com	5/14/2019 5:11 PM

59	It's a great idea and I'm very much in favor it for lots of reasons. Rat lungworm will be an issue though as many people are still hesitant to buy produce. So implement a way to ensure it all gets washed properly before being sold. Also I LOVE the idea of being able to buy local fish/meat. Pork, venison, beef, etc. Also it should be open to baked items. The more we spend locally the better. Not just produce. Please make it happen.	5/14/2019 2:46 PM
60	A farmer's market is HIGHLY needed here. There SO much food in the area. AND, it will encourage families to grow more than they currently are. It will help transition the focus back to LOCAL FOOD instead of Costco kine. The school seemed like a great place for dakine because there's choke space for a market; and can set up under the covered walkways to protect from sun and rain without having to set up tents. Also gives plenty room to set up some music and/or activities for youth and families.	5/14/2019 2:39 PM
61	I think this is a great idea! Lmk how I can help. Paige Gage 248-7441	5/14/2019 2:36 PM
62	Love to have this opportunity to purchase fresh, hopefully organic veggies, fruit, fish & other items. We do fish for our own sometimes but not deep sea, we buy. Mahalo!	5/14/2019 2:31 PM
63	Thank you	5/14/2019 2:19 PM
64	It only allowed me to check one time to attend a market. Saturday would work as well. Mahalo	5/14/2019 2:15 PM
65	I would love it if we had this in Hana + locally prepared food at a reasonable price.	5/14/2019 2:05 PM
66	Thank you	4/11/2019 3:54 PM
